

**The Sixth All-Russian Seminar
“Problems of theoretical and applied electron
and ion optics”**

A. M. Filachev

ORION Research-and-Production Association, Moscow, Russia

The paper is dedicated to the state-of-the-art review of scientific and applied works, introduced on the 6-th All-Russian seminar on problems of electron and ion optics. The seminar was held in Moscow on May 28—30, 2003.
